

Baker's IGA Covid-19 Safety Procedures

Associates

All associates and vendors will have their temperature taken before starting work.

All associates are to wash hands with soap and water at least 20 seconds before starting shift, at breaks, lunches, etc.

All associates and vendors are to wear a mask covering mouth and nose, unless there is a health related reason.

Associates are to change latex gloves every 30 minutes and also use hand sanitizer when handling cash.

Associates will regularly disinfect high touch areas including; checkout belts, cart handles, hand baskets, credit card machines, plexiglas shields, door handles, stock carts, restrooms, pop machines, edge of cases.

Associates are required to watch 3 IGA Health and Safety Videos; Pandemic, Personal hygiene and employee health, Cleaning and sanitizing.

Customers

Please shop alone or with only one other person.

We respectfully request all adult Baker's IGA customers wear a cloth mask covering mouth and nose unless health related.

Please clean your grocery cart handle before using and use a paper towel or glove to pump gas.

Please be mindful of the 6' social distancing rule in all directions.

Please follow directional signage in store, some aisles are One Way.

Per the Governor's mandate; we have limited the total number of customers in the building to 1/4 of maximum occupancy limits. This is posted on our front doors.
